EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1, 15, and 20 drawn to Groups non-elected without traverse. Accordingly, claims 1, 15, and 20 have been CANCELLED.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record do not anticipate nor do they reasonably suggest the slicer as claimed in claims 19, 21, 28, 30, 31, and 32. The following applies to all the independent claims. The closest prior art, Klingens et al (US 2,563,120), teaches the inventions substantially as claimed as noted in the previous Office Actions. However, Klingens et al's tensioning device lacks the spacer and the anchor component remaining fixed when the motor pivots wherein the movement of the threaded rod is prevented and the spacer is rigidly trapped between the adjustment nut and the anchor component. The anchor component and other related features are obvious in view of the teachings of Thomson (US 881,743). More on point, another related prior art, Lyons (US 5,389,045), teaches a spacer as noted in the last Office Action. However, the thread rod is movable even when tensioned and therefore the rod is not prevented from movement. Moreover, none of the other prior art of record fairly teach or suggest this

lacking feature. Thus it is believed that the claimed inventions in combination with all the other recited elements are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
